FAIR CAUSAL INFERENCE FOR FUNCTIONAL DATA

Computational Statistics Conference; Bologna, 2022

Tim Mensinger & Dominik Liebl

University of Bonn

Sections

1. Introduction

2. Theory

3. Results

4. Final Remarks

Who Am I?

- Tim Mensinger
- PhD in Economics, University of Bonn
- Econometrics & Statistics, Causal Inference

Introduction

Problem

Estimand

Estimator

Application

(Graphs)

Theory

What do we need

Gaussianity

Simultaneity

Fairness

Results

(Graphs)

Final Remarks

- Some
- Remarks
